

Syphilis serology (5880)

How to fill in your results

Quick guide for result reporting

1. Start from LabScala home page by choosing My Schemes → Fill results → choose correct round.
2. Add Specific Contact, choose Next.
3. Read Instructions, choose Next.
4. Update Sample registration, choose Save & next
5. Reporting results: choose measurement date, test kit and the correct finding for each analyte.
6. Save your results as **Save as final**. Move to next specimen by choosing Next.
7. Validate your results and if needed, update them, finally choose **Accept and send results**.

Result reporting

The screenshot shows the LabScala web application interface. At the top, there is a navigation bar with a home icon and the following menu items: My Orders, My Schemes (circled in red), My Registry, and Administration. Below the navigation bar, a welcome message reads "LabScala welcomes you!". On the right side, there is a "Help" link with a question mark icon.

The main content area is divided into two panels. The left panel, titled "My EQA", contains sections for "MY REPORTS" (with a link to "Go to Mainio reports"), "LATEST 3 NOTIFICATIONS" (stating "You have no notifications."), and "MY ROUNDS". The "MY ROUNDS" section contains a table with the following data:

Round entry	Closing date	Response Status	Form	Info
Haemoglobin, POC (1)				
November, 4-2014	24.11.2014	Not sent	LabScala	⚠
Clinical cytology (1)				
October, 2-2014	28.11.2014	Not sent	LabScala	⚠
RS virus, detection (1)				
November, 2-2014	02.12.2014	Not sent	LabScala	
Influenza virus A+B, detection (1)				
November, 2-2014	02.12.2014	Not sent	LabScala	
Herpes simplex 1 and 2, antibodies (4)				
November, 4-2014	04.12.2014	Not sent	LabScala	⚠

At the bottom of the "MY ROUNDS" section, there is a "View all" link. The right panel, titled "Shortcuts & messages", contains a "View all messages" link.

Two arrows point from the "My Schemes" menu item to the "MY ROUNDS" section and to the text boxes on the right. The text boxes provide instructions and definitions:

- Choose correct EQA round on the front page or by choosing My Schemes and then Fill results
- In the view the closing date and the status of the scheme can be seen
 - Fill results** = eForm open for result filling
 - Not sent** = result filling started but results not sent to Labquality
 - Sent** = results sent to Labquality

From Request to Post-analytics

- After opening the scheme the request page is opened with the following information
 - **Product:** Here it can be seen what and how much has been ordered . **Also the scheme specific contact information is filled here. At least one contact person needs to be named!**
 - **Instructions:** Scheme specific instructions can be read and printed
 - **Pre-analytics:** Specimen arrival date, quantity received, specimen storage conditions etc.
 - **Analytcs:** Analyte-specific results can be filled by methods
 - **Postanalytics:** Validate results
 - **Exit:** Back to the front page

Welcome to the round of Syphilis serology, February, 1-2017 analysis

Results – how to start

- In this view you can add your results for Syphilis serology
- Result filling is started by selecting the Measurement date
 - Mark the measurement date of Screening tests or Specific confirmation tests depending on which method is in use in your laboratory

Sample S001 Sample S002

Results 1 Add result +

SCREENING TESTS

* Measurement date	Analyte	* Test	* Test result
17.02.2017 	KardAb	- Choose -	- Choose

SPECIFIC CONFIRMATION TESTS

* Measurement date	Analyte	* Device	* Instrument	* Reagent	Result	Unit	* Interpretation
	TPHA						
	TrpaAb						
	FTAAbs						

* Clinical interpretation	Further action

COMMENTS

Results-continues

- For **Screening tests**, select your test from drop-down list and add results (positive/negative)
- For **Specific confirmation tests** select device, reagent and results and then fill in clinical interpretation for specific antibodies.
 - If your device is not in the drop-down list, choose "add device" and then "new device" for filling new device information. If there is no information found for your device, contact us and we will add it promptly.
