2/2014	- / 8 (4)	.	5.8	2.5	43.5	89
1/2014	- / 8 (4)	.	5.8	2.6	43.9	90

The maximum score for laboratories performing identification is 4p/specimen.

For screening laboratories, the maximum score is 2p/specimen.

Score/Max (Graded)= Laboratory's score/Possible maximum score (Possible maximum score for screening laboratories)
