

# *Antistrepolysine (5840)*

How to fill in your results

# Quick guide for result reporting

1. Start from LabScala home page by choosing My Schemes → Fill results → choose correct round.
2. Add Specific Contact, choose Next.
3. Read Instructions, choose Next.
4. Update Sample registration, choose Save & next
5. Reporting results: choose measurement date, test kit and the correct finding for each analyte.
6. Save your results as **Save as final**. Move to next specimen by choosing Next.
7. Validate your results and if needed, update them, finally choose **Accept and send results**.

# Result reporting

The screenshot shows the LabScala web application interface. At the top, there is a navigation bar with a home icon and the following menu items: My Orders, My Schemes (circled in red), My Registry, and Administration. Below the navigation bar, a welcome message reads "LabScala welcomes you !". On the right side, there is a "Help" icon. The main content area is divided into two panels. The left panel, titled "My EQA", contains sections for "MY REPORTS" (with a link to "Go to Mainio reports"), "LATEST 3 NOTIFICATIONS" (stating "You have no notifications."), and "MY ROUNDS". The "MY ROUNDS" section displays a table with the following data:

Round entry	Closing date	Response Status	Form	Info
Haemoglobin, POC (1)				
November, 4-2014	24.11.2014	Not sent	LabScala	⚠
Clinical cytology (1)				
October, 2-2014	28.11.2014	Not sent	LabScala	⚠
RS virus, detection (1)				
November, 2-2014	02.12.2014	Not sent	LabScala	
Influenza virus A+B, detection (1)				
November, 2-2014	02.12.2014	Not sent	LabScala	
Herpes simplex 1 and 2, antibodies (4)				
November, 4-2014	04.12.2014	Not sent	LabScala	⚠

At the bottom of the "MY ROUNDS" section, there is a "View all" link. The right panel, titled "Shortcuts & messages", contains a "View all messages" link. Two arrows point from the "My Schemes" menu item to the "MY ROUNDS" section and from the "MY ROUNDS" section to the text boxes on the right.

Choose correct EQA round on the front page or by choosing My Schemes and then Fill results

In the view the closing date and the status of the scheme can be seen

- Fill results** = eForm open for result filling
- Not sent** = result filling started but results not sent to Labquality
- Sent** = results sent to Labquality

# From requests to Post-analytics

•After opening the scheme the request page is opened with the following information

- **Product:** Here it can be seen what and how much has been ordered . **Also the scheme specific contact information is filled here. At least one contact person needs to be named!**
- **Instructions:** Scheme specific instructions can be read and printed
- **Pre-analytics:** Specimen arrival date, quantity received, specimen storage conditions etc.
- **Analytics:** Analyte-specific results can be filled by methods
- **Postanalytics:** Validate results
- **Exit:** Back to the front page

Request>>Instructions>>Pre-analytics>>Analytics>>Post-analytics>>Exit

## MY ORDERS

Product	Delivery	Opening	Closing	Status	Form
Antistreptolysin(1)		07.03.2017	22.03.2017	Ordered	LabScala

## MY SCHEME SPECIFIC CONTACTS

Name	Send E-mail notification to	
tiina testi	tiina.testi@iki.fi

# LabScala buttons

Save

Enables you to save changes on the form

Back

Takes you back to the previous view

Enables you to add some information. In tables it adds a row.

Edit button enables you to edit texts and information

Delete button enables you to delete texts and information

Accept button marks something as being accepted or valid

Lookup button marks a search field where you can enter text to be searched for

List button marks a field where you can search from the background register

To the Home page
